

REVISION HISTORY

of

DIVISION OF FORESTRY WEBSITE

(<http://www.in.gov/dnr/forestry/>)

Collin Ruud, Intern
Indiana Division of Forestry

06/14/02 – Initial redesigned website submitted by AccessIndiana

06/15/02 – Plans made for use of frames in website for cleaner navigation, better appearance, etc.

Outline started on paper, test website created on local machine by Collin

06/18/02 – Initial revision containing frames submitted to web server – mass e-mail sent out to inform Forestry employees of revision and need of improvements

06/19/02 – Changes made: Yellowwood SF page – minor description changes

06/20/02 – Changes made: Nursery page - Few broken links fixed

06/24/02 – Changes made: Yellowwood SF page – fix of a description error

06/28/02 – Added (unavailable to the public) Clark SF video page for testing purposes.

06/29/02 – Started footer w/ virtual includes to provide links page to non-frames browsers.

06/30/02 – Finished footer project, tested on frames-incompatible browser.

07/02/02 – Revised bad link on sidebar, fixed bad link in summary.html

Began researching/testing “force frames” method for links from the outside

07/03/02 – “Force frames” method completed – testing of method

07/08/02 – Fixed some early Netscape compatibility problems

07/09/02 – Fixed a few dead links in “Publications”, added new link in Community and Urban Forestry

07/19/02 – Updated a few of the older pages in the Nurseries section, added new news release and associated links to the release

07/31/02 – Added few new publications, fixed global Netscape compatibility errors

08/01/02 – Published new 2002-2003 Seedling Order Form

08/13/02 – Began production/test phase of feedback page available for public

08/22/02 – Implementation phase of proposed product – desired finish date 01/01/03

08/23/02 – Weird Tree Publication posted on website
